

Minutes of ^{the} July 6, 1974 Meeting

A meeting was held July 6, 1974 to discuss the well and water system on Orchard Beach.

Mike Farren, from Tye Well Drilling Co, was introduced. His suggestion to improve our water system was to install a high pressure submersible pump and 2 - 120 gal. pressure tanks - costing approximately \$900 to \$1,200. He would submit a firm proposal the next day, July 7th.

At this point, Howard Thompson brought up the contracts which "guaranteed" water to the buyer - also that before we spend money on the well, we should own the property involved. This was agreed upon.

Discussion determined that Mrs Bianchi was willing to sign over the property as soon as we organized a community water company or the equivalent.

Mike Farren suggested forming a non-profit corporation and that electing officers was the first step. Since the majority of property owners were represented at the meeting, we voted to follow this plan.

The following officers were nominated and elected:

President - Glen Emery
Vice-President - Floyd Roll
Secretary - Virginia Emery
Treasurer - Louise Ewart

The name chosen for the corporation was Orchard Beach Community Group.

Our plan and signatures, taken at the end of the meeting, would be presented to Mrs Bianchi to secure ownership of the property. Steps to acquire Articles of Incorporation and to improve the water system would follow.

The meeting was closed.

With Fabian suggested forming a non-profit corporation and that electing officers was the first step. Since the majority of property owners were represented at the meeting, we voted to follow this plan.
