An election of officers was held. Those nominated and elected to serve the 1976-1977 year are as follows:

President -----James H. Thompson (Howard)

Vice-President-----Floyd Roll

Secretary-Treasurer -----Toodie Thompson

Trustee-----Glen Emery

The present well was discussed and the need for another well was also brought up. Floyd Roll suggested that weekenders should not pay as much for water as the people living at Orchard Beach permanently. A flat rate was discussed, and a fee of \$4.00 per month to permanent residents was suggested. It was also suggested that the water be shut off to those who will not pay the original fee of \$60.00. No motion was made, and no vote taken on these issues.

Mr. Poole said obligation to pay the fee goes with the purchase of the property.

Howard Thompson brought up the possibility of purchasing a lot for the purpose of keeping a fire truck (pumper truck) at Orchard Beach. The property could also be used for a second well. The present water system is not adequate to support a pumper truck. It was called to the attention of those present that Orchard Beach is at the top of the scale for fire insurance rates, and having a pumper truck would lower everyone's fire insurance.
